The amounts listed above represent the maximum authorized rates for licensed child care centers. The parent/applicant may select a provider with a cost higher than these maximum rates; however, in such instances, the parent/applicant is totally responsible for all expenses in excess of these maximum rates, as well as for the required copayment.

\* A 13-year old child is only eligible for child care payments if they turn 13 during an eligibility period. A family will not be eligible for child care payments for a 13-year old child at initial eligibility, except if the child has special needs.
